

GUARDSMEN LEAVE FOR ENCAMPMENT

Take Special Train for Camp at Fountain City—To Be Gone Two Weeks.

Nearly 550 troopers of the two Memphis companies, national guard, marched through the business section of the city Thursday morning before noon, carrying full equipment, and headed for the Union station where they embarked at noon aboard a special train over the N. C. & St. L. for Camp John Sevier, Fountain City, Tenn., on their two weeks' annual encampment. The march was witnessed by hundreds of citizens along the route.

The companies which left and their respective officers are: Company L, Capt. A. C. Parker and Lieut. J. D. Bates and A. L. Dugard; Company M, Capt. L. J. Calhoun and Lieut. H. M. Ruffin and J. W. Rawlings. About 40 men from Battery A, the new local guard organization, left with the two infantry companies, being temporarily attached to them for encampment. The officers of Battery A, Capt. John T. Shea, and Lieut. James Jackson, Jr., and Eugene A. Roper, left with the troops, being ordered to accompany them unattached.

Other staff officers who left were: Lieut.-Col. Robert J. Moss, second in command of the Fourth Tennessee regiment; Maj. D. B. Sweeney, of the inspector-general's department; Maj. Wilson H. Moore, Q. M. C.; Capt. Ramsey, Q. M. C.; and Lieut. J. P. Cooper, battalion adjutant.

The Memphis companies will pick up the other Tennessee companies at Union City, at Hollow Rock junction. The Nashville companies also will board the train at that city and accompany it on to Knoxville.

The soldiers will be put through a less severe routine than that experienced last year, when drills occupied practically the entire day. The field drills including schools for the soldiers, squads and platoons, will occupy only the mornings at this encampment. In the afternoons the infantrymen will be on easier work on the rifle range. At night and some of the afternoons they will be at liberty to visit Knoxville.

The encampment will last 14 days, closing on July 30. The soldiers will leave aboard their special train on that day, the Memphians reaching home July 31.

Mothers, fathers, friends, relatives and last, but not least, the sweethearts of the soldiers, desiring to write to them, should address the mail to Sergt. Corp. or Private So-and-so, Company So-and-so, Camp John Sevier, Fountain City, Tenn.

LOCAL SHRINERS TO VISIT ATLANTIC CITY

When the Imperial conclave of Shriners comes to Atlantic City in June, 1939, the uniformed bodies, together with the Shrine band, patrol and chant, will be there with other veterans of the burning sands. This was decided at a meeting of the local Shrine, held Wednesday night.

Approximately \$30,000 has been received by the Al Chymia Shrine from the members of the order for the proposed enlargement of the Crippled Children's hospital as a memorial to C. C. Houck, but \$5,000 still is lacking in the fund. It was stated that this amount would be raised by the Shrine within a short time from the remaining members who had not yet subscribed.

Noble A. H. Kortrecht was elected to membership on the board of trustee to succeed Past Potentate Houck.

MONTEREY ATTACKED BY MEXICAN REBELS

Former Presidential Candidate Blamed for Activities.

MEXICO CITY, July 15.—Monterey, capital of the state of Nuevo Leon, was attacked by Gen. Villareal yesterday, according to reports received by the war office from Gen. M. Perez Trevino, chief of military operation in that state, and Gen. Anulfo Gomez, chief of operations in Tamaulipas.

Gen. Pablo Gonzalez, former candidate for the Mexican presidency, is said to have been responsible for the attack on the city. Gen. Trevino, Gomez and Porfirio Gonzalez, governor of Nuevo Leon, are taking "necessary steps" against Pablo Gonzalez, according to a war office statement.

The report of the fighting at Monterey from Gen. Gomez was given out at the war office late today by the government press bureau. Belief was expressed that Gen. Villareal had not attacked the city with any serious intention of capturing it, but had sought to join forces with Pablo Gonzalez. Gen. P. Elias Calles, secretary of war, said that Pablo Gonzalez had been responsible for recent uprisings in northern states. He said Gen. Villareal had 250 men and was being pursued by cavalry commanded by Gen. Rios Zertuche, in the direction of Toluca, Nuevo Leon.

Calles announced he had ordered the arrest of Pablo Gonzalez and had directed that he be brought to Mexico. Gen. Carlos Garcia, a member of the chief of staff, is also to be arrested, adds.

The conciliatory policy of the government is to be abandoned and energetic measures are to be taken against all disturbers of the peace of the nation.

JAP COMMUNITY IS SCENE OF INQUIRY

SACRAMENTO, Cal., July 15.—The little town of Florin, Cal., a nearby community almost entirely peopled by Japanese, was today the scene of the congressional committee's study of the Japanese problem in California. The committee spent the morning at Florin, reached Stockton about noon, and then took a trip down the San Joaquin river as the guests of George Shima, Japanese "potato king," to see his potato land.

The outstanding development today in the investigation was the fact that the committee was of one mind that a solution of California's problem must be found that would avoid friction with Japan. Five members of the committee declared themselves in favor of such a settlement at a dinner tendered Gov. Stephens last night by Chairman Albert Johnson, of the committee.
